Scheduling Appointments with Representatives and Senators

This year we will schedule appointments for you, you can schedule your own appointments or you can visit with others and hand out premade information packets. Talking points for your visits will be reviewed at the morning's session prior to visits.

- Please schedule appointments with my legislators if possible
- I will schedule my legislative appointments
- I will visit legislators with other golf colleagues as assigned

Cost

There is no charge to members of Michigan Golf Alliance associations and their staff. Others will invest \$35 per person. Because of the importance of the legislative relationship, please encourage your staff to attend with you.

If you are uncertain about your membership status, contact Jada Paisley at the MGCA.
